INDOFIL TEXTILE CHEMICALS Solutions for the Textile Industry

Kalpataru Square, 4th Floor, Kondivita Road, Off Andheri Kurla Road, Andheri (East), Mumbai - 400 059, India. Tel. : +91 (22) 6663 7373 Fax : +91 (22) 2832 2276 E-mail : iistextile@indofil.com Website : www.indofil.com

INDOFIL TEXTILE CHEMICALS

INDOFIL INDUSTRIES LIMITED An ISO 9001 & 14001 Certified Company

Our Vision

"Global Leader

in Growth

with

Customer Success"

Our Mission

Our mission is to achieve leadership in Growth Rate We will leverage our efficient R&D, Registration, Manufacturing and Marketing competencies through our Committed and Proficient Team.

We will to make our customers Successful by providing High Quality Products, Services and Solutions in Domestics and Global markets.

To expedite growth, we will user Collaborations, Acquisitions and Manufacturing proximity to the market in the segments of Crop Care, Specialty and Performance Chemicals

Corporate Social Responsibility

Indofil Industries Limited ("Indofil") is committed to conduct its business in a socially responsible, ethical and environmentally friendly manner and to continuously work towards improving quality of life of the communities in its operational areas.

INDOFIL INDUSTRIES LIMITED headquartered in Mumbai is a research-led and fully integrated Chemical Company. In a short span of time we have emerged as a successful and vibrant enterprise, riding high on a simple philosophy of retaining loyalty and enlarging the fold of satisfied customers.

The vision of INDOFIL INDUSTRIES: "Global leader in growth with customer success" Drives our focus on market opportunities with growth and enhanced value creation for our esteemed customers. We have a highly skilled techno-commercial team that believes in working with the customers as partners to develop products and services to meet their present and future needs.

INDOFIL has a very strong domestic base and a well-recognized international presence. Both businesses viz, Agricultural Chemicals and Innovative Solutions are poised for much faster growth through partnerships and joint ventures for manufacturing, marketing and research and development activities with prospective companies across the world.

Indofil Innovative Solutions Ltd

Indofil Innovative Solutions is a part of Indofil Industries Ltd which is a leading manufacturer and supplier of specialty performance chemicals being used by a wide variety of small, medium and large industrial manufacturers globally. Indofil Innovative Solutions strives to be a part of this growth by keeping itself updated with the state - of - the - art technologies for its portfolio of products. Indofil Innovative Solutions responds to the very specialized needs of diverse industry segments such as Textiles, Leather, Paper, Coatings and Plastics.

Research & Development

Indofil's R&D department has grown to become a force to reckon with, contributing significantly to the company's growth. The R&D works closely with the Strategic Business Units and the manufacturing groups. Cross Functional approach brings in more interaction among scientists for adopting the latest trends / technology required for industry growth in shortest possible time.

Certifications

Our major range of textile products are GOTS 6.0 (Global Organic Textile Standard) and ZDHC Certified. Most of the products range for printing also comply Eco-Passport and REACH. We have also following general certifications in the organization.

- (NABL)
- Det Norske Veritas Management Certificate ISO 14001: 2004 •
- Det Norske Veritas Management Certificate ISO 9001: 2015
- Export House: 2005

Certificate of Accreditation by National Accreditation Board for Testing & Calibration Laboratories

INDOFIL PRODUCT RANGE

PRINTING BINDER RANGE

//////						
Product	Appearance/ Colour	pH (as packed)	% Solid content +/-1	Viscosity in cps @ 25°C	GOTS Certification	Features and benefits
ACRYLIC BINDER	S AND FORMULATIONS					
Indofil ESVS	Milky white emulsion	6.0-8.0	38	500 max	GOTS Certified	Pigment printing binder with excellent fastness properties wit
Indofil ESVS AD	Milky white emulsion	6.0-8.0	38	500 max	GOTS Certified	Pigment printing binder to achieve excellent rubbing and was
Indofil LC- 40 ECO	Milky white emulsion	4.5 - 5.5	55	150 Max	GOTS Certified	Non detectable formaldehyde content, High solid acrylic emulamination, fixation accelerator and many other special formula
Indofil ESVS Super	Milky white emulsion	6.0-8.0	38	1300-1700	GOTS Certified	Self Cross linking Acrylic Co-Polymer. Better electrolytes and properties.
Indofil ESVS Plus	Milky white emulsion	6.0-8.0	35	500 max	GOTS Certified	Self cross linking pigment printing binder for very good fastne
Indofil ESVS SOFT	Milky white emulsion	7.0 - 9.0	30	500 max	GOTS Certified	Self cross linking pigment printing binder for excellent hand for
Indofil ESVS EXCEL	Translucent white emulsion	6.0-8.0	38	100 max	GOTS Complied	Self cross linking acrylic copolymer for excellent all round fast
Indofil ESVS HP	Milky white emulsion	6.0-8.0	38	500 max	GOTS complied	Low formaldehyde Pigment printing binder with superior fastn
Indofil BB007	Milky white emulsion	6.0-8.0	38	1300-1700	GOTS Certified	Self Cross linking Acrylic Co-Polymer. Having excellent runna
Indofil NK	Milky white emulsion	7.0 - 9.0	38	100 max	GOTS Certified	Pigment printing binder for pleasently soft handle having all ro
Indofil AR-100	Milky white emulsion	6.0-8.0	35	500 max	GOTS Certified	Self cross linking pigment printing binder for very good fastne
Indofil KB 100ECO	Milky white emulsion	4.5 - 5.5	55	150 Max	GOTS Certified	Non detectable formaldehyde content, High solid acrylic emulamination, fixation accelerator and many other special formul
Infigo Soft ESB	Milky white emulsion	7.0 - 9.0	38	100 max	GOTS Certified	Pigment printing binder for pleasently soft handle having all ro
Indofil VBT	Milky white emulsion	6.0-8.0	35	100 Max	GOTS Certified	Self cross linking pigment printing binder for very good fastne
Indofil HPAB	Milky white emulsion	6.0-8.0	35	500 max	GOTS Certified	have very good running properties, pleasingly soft handle and
Indofil EVS	Milky white emulsion	6.0-8.0	30	500 Max	GOTS Certified	Pigment printing for regular requirements.
Indofil PB 100	Milky white emulsion with blue tinge	6.0-8.0	30	1300-1700	GOTS Certified	Self Cross linking Acrylic Co-Polymer having bluish tinge. Exc
Indofil EVS AD	Milky white emulsion	6.0-8.0	30	500 Max	GOTS Certified	Pigment printing for regular requirements. Very good running Rresistant to ageing
Indofil PBW 100	Milky white emulsion	6.0-8.0	30	1300-1700	GOTS Certified	Self Cross linking Acrylic Co-Polymer. Having excellent runna
Indofil CKP	Milky white emulsion	6.0-8.0	26	500 Max		Pigment printing for regular requirements.
Indofil ESVS liq.	Milky white emulsion	6.0-8.0	21	500 Max	GOTS Certified	Pigment printing for regular requirements.
Indofil TR - 42	Milky white emulsion	7.5 - 8.0	38	150 Max		Excellent pigment printing binder to achieve excellent fastnes
Indofil FI 36 TL	Light bluish Emulsion	7.5-8.5	36	100-200		Acrylic Copolymer Emulsion for water based inks.

with soft handle and resistance to dry cleaning.

vashing fastness.

PRODUCTS FOR SPECIAL EFFECTS

Product	Appearance/ Colour	pH (as packed)	% Solid content +/-1	Viscosity in cps @ 25°C		GOTS Certification	Features and benefits			
DRY DISCHARGE PASTE										
Indofil DWP	White Viscous Paste	9.5 – 10.5	44	20 -30 dPas.		GOTS Certified	It is a white paste used alongwith discharging agent in dry d Saves time, energy water as compared to wet process.			
Indofil DCP	White paste	9.5 – 10.5	35	20 -30 dPas.		GOTS Certified	It is a clear paste used alongwith discharging agent in dry di Saves time,energy water as compared to wet process.			
Indofil DA	White crystalline powder	3.0 - 4.0		NA			Discharging agent for dry discharge package.Produces exce			
SPECIALITY PASTE										
Indofil SKP	Bright thick white paste	8.0 - 9.0	57	200 dPas.		GOTS Certified	White stretchable khadi for Rotary printing machine.			
Indofil SCPC	Black paste	7.0 - 9.0	39	3000 - 6000			An aqueous compound of self-crosslinking polymer dispersion			
BINDERS FOR WHITE PASTE										
Indofil TR-400N	Milky white thick emulsion with bluish tinge	7.0 - 9.0	35	8000 - 20000		GOTS Complied	Excellent acrylic formulation for khadi paste preparation. Sui			
Indofil SBP 94	Milky white emulsion with blue tinge	2.0 - 4.0	45	100 Max		-	Special acrylic formulation suitable for pigment printing, coal			
GOLD BINDERS	1									
Indofil GB 2001 M	Milky white thick emulsion	6.5 - 7.5		8000 - 15000		-	Binder for metal printing with very bright print, soft handle an			
Indofil GB 2022	Translucent thick emulsion	6.0-8.0		6000 - 10000		GOTS Complied	Binder for metal printing with very bright print, soft handle an			
FLOCK BINDERS										
Indofil FB 100	Milky white emulsion	6.0 - 8.0	45	100 Max		-	Premium flock printing binder with excellent abrasion perform			
Indofil SVM 49	Milky white emulsion	4.0 - 6.0	45	100 Max		-	Flock printing binder with superior abrasion performance wit			
Indofil FL FB 45	Milky white emulsion	4.0 - 6.0	45	100 Max		-	Excellent flock printing binder with excellent abrasion perform			
ADDITIVES										
Indofil SOFT SG	Clear, odourless viscous liquid	5.5-7.5	95	-		GOTS Certified	Applied to improve the fastness of pigment printing and obtain			
Indofil CNF	Colourless to pale yellow liquid	6.5-8.5	35-40	-		-	Specialty de-aerating agent which rapidly removes air from t wetting performance.			
Indofil Antifoam T	Yellowish liquid	5.0-8.0	99	-		GOTS Certified	Self emulsifying organic antifoam concentrate. An excellent a application.			
Indoifl EAP	Yellow to light brown liquid	6.0-8.0	-	-		GOTS Complied	Special emulsifyer which acts as a antichocking and antifrot			

discharge package. Produces soft handle with excellent opacity.

discharge package. Produces soft handle with brillaint shades.

cellent discharging effect in combination with dry discharge package.

sions with additives used to make fabric electrically conductive.

Suitable for pigment printing also.

bating, pearl, Jari, Stretched khadi formulation

PRODUCTS FOR TECHNICAL TEXTILE

	Product	Appearance/Colour	рН (as packed)	% Solid Content ± 1%	Brookfield Viscosity @ 25°C in cps		GOTS Certification	Major Application
	ACRYLIC EMULS	IONS				<u> </u>		
	Indofil HA 8 (I)	Milky white emulsion	2.0 - 4.0	45	< 500			For coatings with a soft handle. High binding capacity for fille applications.
	Indofil HA 55	Milky white emulsion	7.0 - 9.0	38	100 - 500		GOTS Complied	Self-crosslinking, aqueous acrylic dispersion for coatings wit suitable for artist's canvas, luggage coating, interlining.
	Indofil HA 24 Eco	Slight off white emulsion	7.0 - 8.0	45	< 200		GOTS Certified	Soft hand feel, self cross linkable, suitable for luggage coatir
	Indofil HA 24	Milky white viscous emulsion	2.0 - 4.0	45	50 - 400			For coatings with medium soft handle. Universal product for thermo-mechanical stability.
	Indofil HA 20	Milky white viscous emulsion	8.0 - 9.0	50	1000 - 5000			Medium soft hand feel. Very good binder for nonwoven appli
	Indofil HA 26	Milky white emulsion	8.5 - 9.5	50	< 300		GOTS Certified	Stiff hand feel, gives shiny surface, suitable for nonwoven pr
	Indofil HA 16	Milky white emulsion	2.0 - 4.0	45	200 - 600			For the coating and laminating of all types of fabric. The coat and dry clean processes. Particularly suitable in dot paste co
	Indofil HA 30	Milky white viscous emulsion	6.0 - 8.0	45	< 500		GOTS Certified	Hard, self-crosslinking, suitable for stiffening applications for
11111	Indofil HA 500	Milky white emulsion	6.0 - 8.0	50	< 2000			Very stiff binder having low electrical resistance. Can be use suitablefor nonwovens with a hard handle. Specially recomm
111111	Indofil HA 80	Milky white viscous emulsion	6.0 - 8.0	45	< 300			Stiff finish for Fabrics, fiberfill and other non-woven fabrics, buused in Interlinings and blinds preparation.
